Legno Bastone started five generations ago in the late 1800’s when Luigi Bastone first started by cutting down his own trees. The same family runs the company to this very day. Over the years, we have optimized and expanded our production process, but we have never abandoned the age-old European traditions of craftsmanship when it comes to our floors. Every single floor is hand-crafted and custom designed. Wider widths and longer lengths are what we pride ourselves on. This allows for the perfect look to create a surface with more panache and less seams. Legno Bastone products are more than just a floor; they become “Custom Designed Furniture for Your Floor.”
Article Nº 2005
Standard Width 180mm (7.09")
13mm Thickness
4mm Wear Layer
7 Ply Baltic Birch Substrate
